

**2016 PRIX D'AMERIQUE SALE
BREEDING STOCK SESSION- THURSDAY 28 JANUARY**

The second day of the 2016 Prix d'Amérique Sale dedicated entirely to breeding stock (broodmares and stallion shares) generated a total turnover of €1,114,500 which was up by 16% compared to the previous renewal, with all figures posting an increase. Indeed, the clearance rate remained stable at 64.5% with an increase of just 1.3%, the average at over €16,000 and the median at €12,500 also improved and one could feel genuine activity, most notably where the broodmares were concerned, with 28 out of the 34 broodmares on offer changing hands (82% sold) for an average of over €21,000.

€97,000 for UNANIME QUALITY in foal to READY CASH

Eagerly awaited as she came in the ring, the attractive chestnut mare **UNANIME QUALITY** (OFFSHORE DREAM) a sister to Group 2 winner ARLINGTON DREAM proved very popular and from €80,000 was the object of a bidding war between her breeder **Samuel BLANCHARD** and the agent **Thomas BERNEREAU** who eventually had the last word at €97,000. Excellent on the track **UNANIME QUALITY**, who achieved 1'11 in both disciplines, was presented in foal to the exceptional **READY CASH**, who also lit up the sales ring via his sons, with **STRAWINSKA MAUZUN** (GOETMALS WOOD) a sister to the winner of the Elitlopett L'AMIRAL MAUZUN and in the foal to the young phenomenon and favourite for the Prix d'Amérique **BOLD EAGLE**, being knocked down for €66,000 to **Michel DUBIEF** (owner of the Elevage du NOYER, where the most recent winner of the Critérium des 3ans CHARLY DU NOYER by **READY CASH** was born).

In foal to **BRILLANTISSIME** (another classic winning son of **READY CASH**), the very well bred **JOSSELYN** (GOETMALS WOOD closely related to **BELINA JOSSELYN**) was sold for €51,000 to **Jean-Pierre BARJON**, while **BELUCINDA** (GOETMALS WOOD), a sister to the group winners **UNICLOVE** and **TOLERANCE** was knocked down for €50,000 to **Jean-Michel GROSZ**. She is in foal to **VOLTIGEUR DE MYRT**, another runner in the Prix d'Amérique on Sunday. In the end, 10 juments mare made at €20,000 or more and seven mares made 35,000 or more. This confirms a strong demand at the top end of the market.

With regards to stallion shares, the market proved somewhat less strong. One noteworthy purchase was made by **Christophe GALLIER** for a share in **ROYAL**

DREAM (€42,000). Another was **TIMOKO**, holding his value and bought for the same price by Olivier HORVATH. The shares sold by sealed bids generated many offers with over half of these resulting in sales.
